DETECTOR REFLECTOR CONVEX MIRRORS

These amazing mirrors offer a 160 degree panoramic vision—eliminate privacy areas in a store now available to the shoplifter. . . . Each of the five models manufactured comes complete with hanging brackets and installation instructions as well as the unique Soco lifetime guarantee. All sizes from 10" diameter to 36"

DETECTOR 2-WAY WINDOW MIRROR

The new Detector 2-Way Window Mirror is an amazing low price unit easily installed that provides 4-sided vision. On the see-thru side this fine quality product allows optically perfect vision while it appears as a mirror from the selling area.

Transistorized Closed Circuit TV System SENTRY III

Completely self-contained operating unit with all transistor circuitry with features found only in units costing three times as much. This portable equipment makes it possible for even the smallest establishment to enjoy the benefits of a closed circuit television system.

ELECTRONIC DOOR MAT ANNOUNCER

The Detector Electronic Door Mat Announcer 30" x 30" — announces the entry of any one stepping on it with a beautiful chime bell up to 50 feet from the door. Allows better customer service and pilfer control in unattended areas.
